WANT GAMES WITH DALLAS

Many Basketball Teams Outside of League Will Be Seen on Local Floor This Winter.

Manager Kersey, of the Dallas College Basketball team, has received communications from six clubs outside of the Oregon League, asking him to arrangedates for playing them. Four of these teams are from other states: Muscatine, Iowa; Pullman, Washington; Nome, Alaska; and the Y. M. C. A., of Salt Lake City. The other two offers are from Pendleton High School, and the East Side Athletic Club, of Portland. Mr. Kersey says that he will try to arrange dates with all of these teams excepting the one from Pendleton.

Considering that the basketball season is as yet scarcely begun, it is generally considered that the large number of challenges that are coming in already, indicates a full schedule for the coming year. The shortness of the League season will make it possible for many games to be played against eastern teams touring this coast.

Some of the hardest fought games that the Dallas basketball enthusiasts have ever witnessed will be played on the court in our city during the next three months, for it is known by experience that no teams but the best in the East ever make a tour extending as far as the Pacific States.

MILL RESUMES OPERATIONS

Falls City Lumber Company Preparing to Start Mill No. 2 Next Monday.

Griswold and Fred Belcher came up from Portland, Wednesday, to assist him in the work.

The company's entire plant, consisting of two sawmills and the planing mill, were closed down indefinitely on the first of last month, and many men were thrown out of employment as a result. The resumption of work at Mill No. 2 will be hailed with joy by the people of Falls City, as the operation of this plant means much to that enterprising lumber town. It is not known when Mill No. 1 will resume work.
